

Power choke coils

■ PCMB series,

Features

- Low profile (3.0 mm max) and small size (7.3mm x6.6mm)
- Occupying small board spaces
- Low loss and high saturating current.

Applications

- PCs, servers, power sources, mobile devices, flat screen TVs etc.

Specifications

*Please contact us for these products you needed.

Dimensions · Electrical characteristics

Rated current : the current that increases the temperature by 40°C
 Saturating current : The current that reduces inductance by 30% (PCMB/PS/PST/PL).
 * Contact us for details.

Part numbering system

PCMB ** - *** M N(S,T)**

Equivalent circuits

Small choke coils

■ PCMB series, PS series

Features

- Low DCR and large current for small sizes
- High efficiency and low loss

Applications

- PCs, servers, power sources, mobile devices, flat screen TVs etc.

Specifications

*Please contact us for these products you needed.

Dimensions · Electrical characteristics

Rated current : the current that increases the temperature by 40°C
 Saturating current : The current that reduces inductance by 20% (PCMC) or 30% (PCMB/PS/PST/PL).
 * Contact us for details.

Part numbering system

PS 031* - * M (S)**
